in the matter next Monday." Borah declared. "I would be in favor of limiting the federal appropriation to ten dollars or the amount necessary to bring the automobile to the capitol and return."

SAN FRANCISCO, Dec. 30. — The State Supreme Court has affirmed the judgment of the Superior Court sentencing George B. Williams, San Francisco, to hang. He shot and killed his wife here last February.

FAIRFIELD Conn., Dec. 30. — An entire family of seven was wiped out by a fire here today. The victims were Felix Yackimovich, 54, his three sons and three daughters.

George W. Toehow, rebelling against their officers, have terrorized the vicinity for two days with looting and incendiarism. The mutiny was said to have been due to delay in pay.

GAS RATE RAISE GIVEN FIGHT IN CONTRA COSTA

MARTINEZ, Dec. 30.—Residents of Crockett, Antioch and Martinez appeared at a hearing held here today by Examiner Satterwhite of the railroad commission to register protest against the application of the Contra Costa Gas company which has applied to the commission for an increase in its rates. Formal protest on behalf of the city was lodged with the examiner by A. F. Bray, city attorney of Martinez. The company serves consumers in Martinez, Antioch, Pittsburg, Concord and Crockett. In its application for increased rates the company declares increased prices for fuel oil which it will have to pay after January 1 when its contracts expire demand that it be given higher rates that it can operate at a fair margin of profit on its investment. The company claims oil concerns have refused to enter into contracts for furnishing oil and that after the first of the year they must buy oil at market quotations.

Train Robbers' Loot As Yet Undetermined

SAN FRANCISCO, Dec. 30.—The amount of loot which was taken in the robbery of the Santa Fe mail train No. 2 Monday night near Ashford, Ariz., was still undetermined today, according to local postal authorities. Inspector Fred E. Jarvis was last night despatched from Los Angeles under orders from San Francisco and arrived in Ashford early this morning. He will go over the scene of the robbery and a report on the amount of loot taken and the men involved is expected this afternoon, according to postal authorities here.

New Device to Gauge Stars Invented by Prof. Michelson

CHICAGO, Dec. 30.—Final tests have been completed on an astronomical device perfected by Professor A. A. Michelson of Chicago university whereby the exact dimensions of stellar bodies may be determined. Results of the successful experiments with the new instrument at the Mount Wilson observatory reveal certain remote stars in the firmament are many thousands times larger in size than astronomers had ever surmised. Astronomical experts, experimenting under direction of Professor Michelson, have just computed the diameter of Alpha Orionis, one of the stars in the constellation of Orion. The result is astounding. The orb is found to be 300,000,000 miles in diameter, making it 300 times as large as the sun in diameter.

STUPENDOUS DIMENSIONS. Alpha Orionis has a volume 27,000,000 times as great as the sun. Its diameter is as large as the complete orbit of Mars. If a luminary of this size were as close to us as the sun, its brilliant surface would fill out the whole visible heavens.

The method introduced by Professor Michelson has been applied by a member of the staff of the Mount Wilson observatory in the measurement of the star Capella, which has been known from spectroscopic evidence to be really a double star, although the stars are so near together as to appear as one through the most powerful telescope.

By means of Professor Michelson's attachment to the eight-foot telescope it was possible to measure the minute angle of .45 seconds subtended by the two stars, and to determine their successive positions as they revolved in their orbits. The calculated and observed results agreed with astounding precision.

WONDERFUL EXPERIMENT. Last winter Professor Michelson went to California to test his theory that the earth was solid from crust to center instead of being bubbling liquid in the middle. To conduct his experiments he dug trenches near Pasadena.

National Guard Man Made Bureau Chief WASHINGTON, Dec. 30.—Colonel George C. Rickards of Oil City, Pa., was appointed today by President Wilson as chief of the militia bureau of the War Department.

Colonel Rickards, who is a Pennsylvania National Guard officer and attached to the infantry reserve officers corps, will assume his duties tomorrow, succeeding Major General Jesse M. Carter, who goes to a line command. Colonel Rickards will have the rank of major general and will be the first National Guard officer to hold this position. Appointment of a guard officer who is a member of the reserve corps to this post is provided for in the army reorganization bill passed at the last session of Congress.

Medicine to Gain From Studies of Prehistoric Mayas

(By Associated Press) BALTIMORE, Md., Dec. 30.—Important medical and economical discoveries that will be of great value to the modern life of the people of the world are on the verge of being made in several districts of Central America by American archaeologists. This prophecy was made here last night by Professor William Gates, president of the Maya Society.

Professor Gates mentioned recently found evidences of an ancient race of people in Central America, with a civilization and culture as old as that of the ancient Egyptians. They were of a lofty mental attitude, the professor contended, and of high metaphysical qualities.

An eminent group of American archaeologists plan further exploration of the remains of this ancient race, he said. Among the most important discoveries expected to be made there are the unearthing of further native medical works of value to present-day medical science.

her apartments with tears in his eyes, she said. In a conversation with her son, Lillian, Graybill, Stevens said he wanted the girl, Lillian, out of his home.

He said his wife was jealous, the witness declared, and "made his life a perfect hell on earth" because of Lillian.

Joshua Sykes Is Arrested as Fraud

DENVER, Colo., Dec. 30.—Joshua ("Jehova") Sykes, self-styled king of heaven and earth and head of the Temple of David religious cult here, was arrested yesterday charged with operating a confidence game. Charges of "gross immorality" were filed last week against "Jehova" and some of his followers by police. The hearing on these charges was set for January 10 in the juvenile court here.

The warrant on which Sykes was arrested charges that he defrauded Ernest Lampert, a former member of his flock, out of \$150 by prophesying the end of the earth. Lampert was persuaded, the information alleges, that he would have no further use for his worldly goods, and he gave his last dollar to Sykes.

The information also mentions the name of Anna Spilchiger, who it is alleged, was fleeced out of \$1000 in California a year ago by the same means.

FINE COOKING EXTRACTS AND SPICES

Why Don't You Get Them at Bowman's?

From Thanksgiving to New Year's is a great time for the housekeeper who loves to be in the kitchen and who takes pride in her cooking.

To those interested in matters of this kind we desire to call attention to the fine and reliable extracts which we sell at our stores.

For example, we manufacture in our own laboratory the finest and best lemon and vanilla extract possible to secure anywhere.

We use the finest ingredients and produce these extracts in a quality that makes us proud to sell them under the Bowman name. We also carry Squibb's Spices of all kinds. These spices are probably finer than any you have ever used before and you have new cooking results ahead of you if you have never tried them.

For example, Squibb's black pepper has the real pepper flavor. Squibb's nutmeg, cinnamon, cloves, allspice, mace and ginger are distinctive and very superior to the ordinary kind that you get at the corner grocery store.

We propose to continue to maintain our position in reference to prices so often and so plainly expressed in these words: "Bowman's will not be undersold."

We expect to continue the same conservative methods that have made it so safe to trade at Bowman's and sincerely hope that next year will show an increase over 1920 as substantial as 1920 was over 1919.

GOOD-BYE OLD CHILBLAINS!

We Have Your Number

This is good weather for chilblains. If you suffer from them you have probably tried many remedies without result.

We have a chilblain remedy put up in our own laboratories, that is helping quite a number of people, and it might be a good idea for you to try it.

Recently several of our customers have stated that they get more satisfactory results from Bowman's Chilblain Remedy than anything they have ever tried. It sells at 50c.

CHILD'S COUGH REMEDY

If you want a child's cough medicine containing no narcotics or other poison, ask for "Bowman's Pine and Tar Special."

A GREAT GREASE REMOVER

It Certainly Knocks the Spots

Have you ever tried "Klenzol" to clean grease spots and other stains that accumulate upon your clothing? "Klenzol" is one of the best preparations of this kind that we know of. It dissolves grease and removes the worst kind of spots from the most delicate fabrics with the least amount of rubbing.

It is perfectly safe to use around the house and is not inflammable or dangerous like gasoline.

Professional cleaners all use preparations similar to "Klenzol" and you can get the same results at a much less expense by purchasing a 25c or 50c bottle.

BOWMAN'S OLD FASHION LIVER PILLS

Nothing New About Them—Try a Box

It has been some time since we advertised our old-fashioned Liver Pills. In looking over our records recently we find that we sold these same kind of liver pills over 40 years ago, and at that time we advertised them as "Old-Fashioned Liver Pills."

We do not know how far back the original prescription for these pills extends, but it is evident that if they are good enough to have kept their popularity for over half a century they must be a very superior quality.

These old-fashioned liver pills are put up just exactly as they were made for our grandfathers. They are of the same ingredients and are sold in round wooden bottles, which were in general use in 1875.

THE BEST OF ALL HOT WATER BAGS

We get more satisfaction out of the sale of Lynwood Hot Water Bags than from almost any item in our store. These splendid bags make us a great many friends. We have been selling them for a number of years and the manner in which they outlast other hot water bags at the same price is remarkable.

You can get a two-quart Lynwood Hot Water Bag for \$2.49 and although we have other hot water bags for less money and some that are more expensive, we are thoroughly convinced that no hot water bag on the market gives the service in proportion to the cost that you receive from the Lynwood.

Most nurses who are using hot water bags constantly insist upon the Lynwood brand.

ARE YOU TROUBLED WITH CHAPPED SKIN?

Have you ever tried Bowman's Cream? It is a Cream to protect your skin against the discomforts caused by cold winter winds.

These cold, sharp, frosty mornings and the dryness in the atmosphere have a tendency to create chaf and the irritating skin of those whose complexions are affected by weather conditions.

If you apply this lotion upon your face before taking an automobile or yachting trip, you will find upon your return that you have suffered practically no discomfort from the trip.

Scores of our customers have been using Bowman's Cream for years and they all swear by it. 25c and 50c.

NEW YEAR PERFUME

How would it be to get your bottle of good perfume as a New Year's day remembrance?

We have all of the best imported and domestic brands in attractive holiday packages.

We also have perfumes in sets combined with face powder, toilet water, etc.

BOWMAN'S COLD CREAM

Are you in the habit of using theatrical cold cream for cleansing purposes?

We have one of the best cold creams of this kind on the market. It is called "Bowman's Theatrical Cold Cream" and comes in one-half and 1-1/2 tins.

Britain Will Not Enlarge Navy; Japan Is Willing Ally

BY INTERNATIONAL NEWS SERVICE.
LEASD WIRE TO TRIBUNE.
LONDON, Dec. 30.—The cabinet has decided that the British naval program shall not be extended at the present time regardless of developments in connection with the proposal for armament reduction by the United States, Great Britain and Japan, the Evening News stated today.

By RUSSELL BROWNING
United States Staff Correspondent.
Copyright, 1920, by the United Press.
LONDON, Dec. 30.—Japan is

ready to enter an international conference of limitation of naval armaments, in the belief of Baron Hayashi, the new Japanese ambassador to Great Britain.
In an interview with the United Press today, Baron Hayashi declared that the businessmen of the big navy nations—the men who pay the bills—could reach an agreement on limiting naval building if their countries could arrange such a conference. Japan, the ambassador declared, is not exceeding her announced naval

program. Her preparations must be considered necessary, he said, because she is a sentinel against the spread of Bolshevism. He charged a highly organized attempt to Bolshevize Japan had been made and that his country must remain on guard.

"This talk in the United States about a big navy is very annoying to Japan," the baron said.

HELD FOOLISH
"It is foolish and it is tragic to think of the big states of Great Britain, the United States and Japan competing in a race for armament. Japan cannot afford it. I believe an agreement could be reached quickly if the big men of each country assembled at a round table, not as pacifists or militarists, nor politicians, but as businessmen out of whose pockets must come a

large slice of money for the upkeep of navies.

"I think Japan is willing to enter such a conference.

Hayashi declared Japan is not constructing an unusual number of fighting ships, but said the country is carrying out a construction program evolved after long public discussion. He denied that Japan is considering additions to that program.

Japan should be considered a sentinel, he said, guarding the western world from a spread of sovietism. He declared Japan is under a responsible government, which sincerely desires to play the role of a good partner in the firm of nations.

"But let the nations consider," he said, "what it would mean should any of the big powers succumb to sovietism."

Heavy Rain Cancels Children's Matinee

The All Children's matinee which was to have been given this afternoon in the Municipal Opera House by the playground children of Oakland, was canceled at noon. With every one of the 300 young participants letter perfect in their songs and dances, the big holiday event was seriously interfered with by the heavy rain. Jay R. Nash, superintendent of the Recreation department, issued the orders which disappointed several hundred spectators. Because the children were to come from all over the city, when the storm continued up to noon, the decision was reached that in consideration of the health of the youngsters the big party would not

take place. Inasmuch as Christmas was the motif, the announcement was made that the entertainment would not be given at a later date. Mrs. J. A. Hollington of the Recreation department had directed the big production, which included a children's orchestra, chorus and three juvenile plays.

French Socialists Vote for Sovietism

Berkeley Wants State Help in Street Work

BERKELEY, Dec. 30.—A plan to obtain funds from the state for the widening of Telegraph and College Avenues, is being discussed at a conference between Mayor Bartlett and Lieutenant Governor C. C. Young. Senator A. H. Breece, Assemblywoman Mrs. Anna L. Sawyer and Assemblyman Arthur Wendling. That these avenues are the main artery of travel to the University of California is an argument advanced for the state appropriation. How the question may be presented to the legislature is being discussed.

Letters of Terrie & Joe

DEAR TESSIE:

If I ever meet that bird that took your five bones as the entry fee in the baby contest of the coming world's fair, wherever that is, I'll tell him he's a punk ultra-conservative business man. He should have played you for at least ten while the picking was so easy. In reply to your question as to whether I think you were imposed upon, I'd say no, "imposed upon" is entirely too weak a solution of words to express what was done to you in the transaction.

The next time any stranger requests you to pry yourself loose from five dollars, Tessie, even for some comparatively plausible reason such as to help free the Canadian slaves or to buy an interest in a company organized to make diamonds out of peach stones, cross your fingers for my sake and keep them crossed till he brings reliable witnesses and leaves you his watch for a deposit. When business ability was handed out, Tessie, you weren't behind the door. Oh no, you were a thousand feet down a coal shaft buried under a cave-in.

The national indoor sport just now seems to be picking a cabinet for Senator Harding, thus saving him all the worry and responsibility of picking his own. It seems to be the general opinion that the cabinet members ought to be men in the public eye, familiar to everybody through their work instead of a bunch of unknown dark horses. I'm seriously considering writing to Senator Harding and suggesting a few nationally known figures to pick from, well-known, outstanding public men like Douglas Fairbanks, Charlie Chaplin, Wm. S. Hart, Wallace Reid and Francis X. Bushman. It would be a trifle hard on them, perhaps, but if their country called I'm sure they'd all be willing to give up their big salaries and go to work. If millions of men will sit through a whole evening to watch Charlie Chaplin stop carstap pies with his face, think how they'd rally around him if he was secretary of war! There's no doubt of it. Tessie, the country wants leaders that it knows and trusts. Your aff. husband, JOE.

Cry on Geraldine's Shoulder

"Dear Jerry Pal: Yes, that's what I mean, 'Pal' for I feel that pal spirit through many of the messages you send your ever-growing family of pals made possible by your valuable columns in The Oakland Tribune.

"Do you know, Jerry, that even I—at semi-half fat and forty read and often re-read your 'Dad and Mother' honey lols, every night. When I say Honey lols it means those dear old 'arm around your neck' talks from 'Mother' and the 'short arm lols' from 'Dad's' twinkly grey eyes when he would reprimand in the kindest way he knew how. Home, that's it, Jerry, you have given your column the Home atmosphere.

"And I can't tell you how much you have helped me in a personal way, too, but I do pray for your continued success in filling these void hearts with love, happiness and wise counsel—and those thousands of your readers whom this applies to.

"Now, Jerry, no doubt you've been asked this many times, 'Please publish your picture in your columns.' I know it will bring you closer to the hearts of your family and your latest admirers.

"A HAPPY MARRIED MAN?" Thanks, pal, for your letter. It will make me feel better for weeks. Jerry will give her best advice, her love, her friendship to all you folks who read and care—but her picture? Oh, Pal, that's too much to ask, but here is my love to all of you.

Falling in Love

Dear Jerry: I am a girl sixteen years old. I live with my mother and father. My mother will not let me go out with any of my friends unless either she or my father are with me. There is a young man whom I have seen quite often and who has spoken to me several times. But I will not speak to him because my sister has told me that he is too old for me. He is about eighteen years old and does not go out with anyone else. I know this to be a fact because his chum has often told me so. He is always thinking and asking about me and seems to want to become better acquainted with me. Should I mind my sister or not? Please, Jerry, tell me.

"VIOLET" I think that your sister is indirectly causing your head to be filled with sentiment and foolishness, dear. You can speak to the boy, be his friend and enjoy his company without falling in love, can't you. Young girls would be lots happier being just pals with their friends than they can be, thinking they and the boys are in love. Don't you think so, too?

"Dear Geraldine: I am a married woman and have been married for nearly four years and love my husband very dearly. I wonder if you can tell me if my husband really loves me.

"G. E. B." It's no use, Jerry can't tell you, but she thinks that if he didn't love you, you would know it. I think we have a habit of taking love for granted, a little, but lack of love sticks out like a sore thumb. If he DIDN'T care, you'd know it.

Her Boy Quits Her

"Dear Geraldine: I am seventeen, really the worst possible age one could be, I think, and oh, I'm so unhappy. For two months I had been going with a boy, when all of a sudden he stopped coming to see me. I can't imagine what I have done, and oh, Jerry (it's just got to come) I found out I

loved him. Do I see you smiling? Well, anyhow, every time I see the moon or a wonderful sunset, or the clean-cut hills, it makes me think of him. My friends tell me I am too romantic and I've tried to overcome this deficiency, I guess one might call it, but somehow I can't. But to get back to the subject, he still doesn't write or come to see me and Jerry, often he told me he loved me. Some think that a seventeen-year-old doesn't know how to love with a deep strong affection, but I do. I am sure of it. Please tell me why you think his attentions have ceased and explain it all.

"TEXAS." Texas, dear, Jerry is smiling with you, not at you, and there is a big difference. Of course you think of those you love when you see wonderful things, either nature, music or nature. We always want to share the beautiful things with those we love. But sometimes those we love, don't love us. We can't help it, and neither can you. You've got to smile and live and do our work as though there was no pain in our hearts. Jerry thinks that is what you are going to have to do. Our emotions can lead us to believe that we are in love when we are not, and that may be what happened to the boy. He may have thought he truly loved you and then found out he was mistaken and now it's up to you, with your love of the beautiful in the world to help you, to "carry on" and let the experience enrich you, rather than harm you. And Jerry truly loves your spirit.

Message to Prunella

Here's another message to Prunella of the tangy love affair—and to all other "triangulars".

"Dear Geraldine: I have no desire to cry on your shoulder. If we keep ourselves well in hand, our own cry will soon be over, but we often want to cry for other people, as you are doing. I just want to pat you on the shoulder and say you are again right as you usually are, in your extremely kind but emphatic advice to the 'Triangulars'. There's a large world of that class of people, Jerry, all the way from fifteen to seventy and every case when properly analyzed is as utterly useless and painfully poisonous and wickedly misleading to the coming generations as the fungi you speak of. Most people have had something like a triangular affair, either imaginary or the other kind. In fact they are all imaginary when we look at them with the right eyes and really try to play fair, and stop poaching on other people's preserves. No good ever comes of that sort of love affair and many tragedies in married life are due to it.

"Tell little Prunella she is only one in a million, which makes it altogether too common, for so sensible a girl as she, or so decent a fellow as he to get any romantic kick out of it. We mothers and newly made grandmothers know, for we can't travel along the trail for thirty years with our eyes shut and expect to be of any help to the world of young people coming on whose problems are just like those we had twenty years ago. And the reason our eyes are open is that we have learned years ago that romance is not bliss; it must be wise in our day and generation. We have also learned how to love the whole world of boys and girls, young and old, and really shed tears over their difficulties, and are so glad to help them and their kind Jerry.

"A FRIEND." Dear Friend: I do as like the WIDE COMRADELINESS in that letter of yours. I hope it helps Prunella half as much as it has helped Jerry. These "triangle loves" make my heart ache. I wish they were all "imaginary," as you think, but I'm afraid that if you had to sit on top of the world as Jerry does you would feel your convictions faltering. Life and marriage do certainly seem to be jumbled. I can only hold fast to the faith in which I was bred—that love and honesty WILL WIN and that human souls which bravely walk upright will sooner or later find the way to joy and strength. But SOMETIMES they have to walk on top of the conventions! It's strange, isn't it? Well, I can only sit here and let my feet hang over into space and laugh and love 'em all.

Bobby in "One Tough Fix"

"Dear Geraldine: I am in love with a girl who is but seventeen who I believe also loves me but she has a mother, father and a sister about 22 who are all against me. Her family are always saying that I am of no good and that I could never support a wife, which I believe is all wrong. I am working for a large auto truck concern as a mechanic and at the present time am only making twenty dollars a week but have one of the finest chances a boy of my age ever got—en and I am certainly taking advantage of every minute just to make good.

"This girl goes to the shows about two times a week and after the show generally comes over and sees me, which I more than appreciate, but as I am not allowed to go over and see her, I am in an awful fix. I have done everything to show her how much I really love her and she knows that I'm playing a square game. I once smoked and played cards and with her help I have stopped them all, which I am very thankful for. The girl wants to go with me but she has a mother that I think she ought to believe in and I am in one bad fix.

"I wish you could give some information on how I can get out of this awful fix, and if ever I can help you I will do the same, and you never can tell. At the present time we are just trying to be friends and see how it will happen. I am in one tough fix.

"BOBBY." Shake hands with me, Pal, I like you and if I ever get into trouble, I'm going to call on you first. What I want—and you, too—to see you going to that girl's home and having her folks like you and I've been scratching my poor head for a plan. It's amazing how unreasonable parents can be sometimes. They are as bad as their children—which should never be.

What's her mother like? Would you dare write to her and tell her you want to be just good friends with

her daughter, that you are working hard and striving to get ahead but that you promise not to talk nonsense (that's what she would call it) to her little girl about love or marriage, until everyone in the family is satisfied with you? Make it emphatic that you just want to be friends and see her daughter in the evening now and then, and that you want to be open and above board in all dealings with her. She MIGHT remember that she was 17 once, too, and probably was in love with some boy, and if she does, your battle's won. It's only when mothers forget their girlhood that they become unreasonable. Good luck to you, pal, and let Jerry know how things turn out, will you?

Bobbing the Hair

"Dear Jerry: My chum and I bobbed our hair when it first came into style and now we are letting it

grow out, but we cannot do a thing with it. Can you tell us any way we might comb it?

"Can you tell us why, after we had our hair cut many of our boy friends don't speak to us or come to see us any more? Do you think it is because we have short hair? What can we do to regain their friendship?

"TWO UNFORTUNATES" It's pretty hard to tell a person one has never seen how to comb their hair. However, have you tried combing it straight back off your forehead, with puffs over the ears, and rolled under at the back of the neck. A net helps to keep the short hair under.

Jerry can't believe that you lost your friends with your hair. There must be some other reason but what it is I don't know. Don't let them see that you wonder "why" or care and make new friends by being just friendly pals.

"Dear Geraldine: I am a girl of

sixteen and very much in love with a boy in Stockton. We have been writing to each other for eight months continually and he has said in every letter that he loves me. But there seems to be something else bothering me, and I want your advice. There is a boy here in Oakland that has asked me to go out with him and I have gone with him twice. He seems to like me. He also asked me for a kiss, but I do not love him as much as I love the one in Stockton, so how can I tell the one in Oakland that I am going with someone else, but so he won't get mad at me. As I do want him to be friends with me. My chum told me to keep my kisses for the one I love.

"BLUE EYED MARY." Jerry is going to scold you in her very NICEST manner. Quit loving one boy the best and love the world the best, with all the boys and all the girls sharing equally. You are

a "growing up" child, full of dreams and sentiment. We all do it, Jerry, too, but it passes, and all the smiles of sixteen are smelted at and cooled in after years. We're very sentimental at sixteen, little pal, so don't think that your emotions over boys are love. Tell the boy in Oakland that you write to a nice Stockton boy if you want to, and if you feel to be fair you should "confess" to the Stockton boy, tell him that you are "friends" with a boy here. Tell him you value his friendship, but that you are going to be a happy girl for at least two or three years before you decide to grow up and take love, life and MEN seriously.

Try it, will you, and Jerry bets it will work finely.

Geraldine

Japanese Opposed To Jury System

TOKYO, Nov. 23 (Correspondence of the Associated Press).—A special committee on legislation is considering the advisability of introducing the jury system into Japan, but its proposal is opposed by a number of influential privy councillors, who declare that the nation is not yet advanced enough for this system. It is expected that the proposal will be dropped.

Tourists Can Soon Visit Mt. McKinley

JUNEAU, Alaska, Dec. 30.—The gateway to Mt. McKinley, the highest in North America, will be about ready for tourist travel when the Alaska railroad opens in 1922, according to Colonel James G. Steese, president of the Alaska road commission. At present Mt. McKinley is inaccessible to tourists and is perennially covered with snow and glaciers.

The Store That Saves For You

PAROLED YOUTH TO ANSWER TO MURDER CHARGE

When John Baker, alias William Walters, McMasters, 17 years old, was released from the Preston reform school a year ago after he had served two years of an unspecified term for the murder of Mrs. Emily Turner, 77 years old, in Berkeley, he could have avoided being tried again on the murder charge had he traveled other paths than those that led to crime.

Baker is now serving a short

sentence in Utah, according to officials here, for petty larceny. Miss Frances Wilson, deputy district attorney, is preparing extradition papers for his return here to face the murder charge.

To be declared a ward of a juvenile court does not imply either conviction or a sentence for a crime, according to Miss Wilson. It merely holds in abeyance the original charge until the ward has successfully served term. If a ward is found to be incorrigible at any time he can be certified back to court and tried on the original charge.

According to Miss Wilson the Preston authorities have declared Baker incorrigible, stating that at the time of his release he was a trouble-maker. They refused to take him back.

If Baker is held to answer to the murder charge when he is returned here, the only course of procedure will be to place him on trial in the Superior court on a murder charge. Baker was arrested in Oakland

by Night Captain of Inspectors William Kyle in September, 1917, and turned over to the Berkeley police. With him was James Fee. The two confessed to having entered the home of Mrs. Turner with intent to rob. The aged woman offered resistance and they strangled her to death, according to the Berkeley police. The two then threw her body into a well.

When the case came up in court the boys were certified to the Juvenile court, and later sent to Preston.

Paralysis Fatal To Lace Teacher

Mrs. Josef Stecher, resident of Oakland for 36 years, died yesterday in the Franklin Hospital, San Francisco. She suffered a stroke of paralysis a month ago. Mrs. Stecher was a teacher of lace work in the bay cities. She is survived by her husband, Henry F. Stecher. Funeral services were held today from the family home, 1115 Poplar street.

Lochinvar Loses When Policeman Takes Sweetheart

After five months of search MARIE SCOFFIELD, 15, is being held in Oakland following apprehension of Spiro Pettas, her Contra Costa Lochinvar.

Spiro Pettas, reputed motor Lochinvar of Pittsburg, Contra Costa county, languishes in the Oakland jail.

Marie Schofield, 15 years old, who it was said was snatched to his pitfall, disconsolately awaits return to her relatives or action by juvenile authorities.

It is all because the pair, Reno bent to wed as they say, were seen on a bay ferry bound for Oakland from San Francisco by Leslie F. Filburn, 571 McAllister street, brother-in-law of Marie. He told the deck watchman who told a pier policeman.

LONG SEARCH ENDED. The capture ends a search which has gone on more or less, since August 8, when the Lochinvar was reported to have been done.

Spiro loved Marie. Marie loved him back it was said. But while Marie's relatives loved Marie they didn't love Spiro. On the romantic day Stanley and Harry, brothers, took Marie to the railway station to send her to San Francisco and get her out of the range of Spiro's wooing.

While they waited Spiro dashed up in a car he had borrowed from Danie Pappas, without asking, whirled a revolver, grabbed his love, and chugged away, firing a few shots into the dust behind.

SONOMA RANCH IDYLL. The same day Spiro also went into a lower Broadway cafe in Oakland, told the proprietor to call Danie and tell him where to get his car, and went out. Between that time and Christmas eve he honeymooned with Marie on the ranch of Pete Millis near Cotati in Sonoma county, he says. Then the couple went to

MURDER VERDICT BRINGS JEERS FROM CROWD

MONTEREY, Dec. 30.—A coroner's jury yesterday handed down a verdict of death by gunshot wounds at the hands of his wife here on the case of Cosimo Cardinelli, who was slain in the home of his wife here on Christmas eve.

About 500 members of the Italian colony of Monterey county gathered outside Colton hall where the inquest was held, and by catcalls and groans expressed their disapproval of the verdict.

The reason for their displeasure was in that the name of E. S. Naselli, a local business man, was not mentioned in the verdict. Naselli has admitted that he was in the woman's house on the night of the slaying and there is dispute as to the time at which he left. Naselli claims that he left at 10:30 while others, among them the police, fix the time at an hour later. The discrepancy covers the hour of the killing.

Mrs. Cardinelli, who was separated from her husband, insists that it was she who fired the fatal shots.

San Francisco on Christmas eve to enjoy the lights and spend a few days at hotels.

Yesterday, Marie said, she met her sister who advised her to go to Reno and be married. Spiro and Marie said they decided to go. That was before Leslie Filburn saw them.

Mrs. Larue, Pioneer Resident, Is Dead

Mrs. Louise J. Larue, widow of the late Luke B. Larue, died last evening at the residence of her daughter, Mrs. George L. Doolan, 4250 Terrace street, with whom she made her home.

Mrs. Larue came to California with her parents, Mr. and Mrs. George Walton from Michigan in 1856. In 1866 she became the wife of Larue, the youngest son of the late James B. Larue of East Oakland, the donor of the park known as "Independence Square" to the city of Oakland, and who lost his life in the Southern Pacific Railroad service about 35 years ago.

Since her coming to California she has lived most of her life in Oakland and San Francisco. She is survived by a son and two daughters.

USED CAR WEEK TO OPEN MONDAY

By JIM HOULIHAN.

One of the big affairs of the new year, from the standpoint of the motor car fans, is the Used Car Week, to occur next week.

Every automobile dealer in Oakland is taking part in this huge clearance sale of used machines and there should be some wonderful bargains offered.

The dealers are staging this affair in order to clean up their stocks of used cars, so that they can prepare for the business rush that will come with warmer weather in the spring. There are all kinds of automobiles to be had now. There are big cars, little cars and flivvers. Most of them have been marked down, and the prices, it is said, are as low as they will ever be.

There were numerous new cars sold during the fall months and many used cars traded in as first payments on these new cars. Therefore, the dealers are stocked with more used cars than they want to have on hand. In order to move them and clear the decks for action, they declare they will cut prices and stage a big sale.

Next Monday there will be a big parade through the streets of Oakland staged by the motor car dealers, and all the cars in it will be ready to make. Don't think that any of the cars in the parade are new. The motor car dealers will remove their new cars from the floors and put used makes in their places. This will hold true for about every firm on the row, and it promises to be a great event, especially for the people who want to get automobiles.

Driver Is Held for

Vandewater's Death

LOS ANGELES, Dec. 30.—Charles Hughes, a truck driver, was held to answer late yesterday for a charge of manslaughter by Edward Judson Brown, justice of the peace, it being alleged that carelessness on his part resulted in the death of Charles F. Vandewater, congressman-elect from the Ninth California district, in an automobile accident November 19. According to testimony, Hughes left a truck and trailer standing on the state highway at night without tail lights and a car driven by Vandewater crashed into the trailer. Miss Janice Luebber, secretary to Vandewater, was also killed. Mrs. Edith Vandewater, wife of the congressman-elect, who was injured, was one of those who testified in the justice's court. Hughes was released under \$10,000 bail pending trial in the superior court.

Suicide of Capt. Pat

O'Brien Confirmed

LOS ANGELES, Dec. 30.—Captain Charles B. Moffatt, in charge of the detective bureau of the local police department, has announced that a second investigation of the death of Lieutenant Pat O'Brien, war aviator, in a downtown hotel, December 17, has confirmed the findings in the first investigation that O'Brien committed suicide. The second investigation was ordered by Chief Lyle Vandenberg after a relative of O'Brien in Illinois was reported to have expressed the opinion the aviator was murdered. Captain Moffatt said O'Brien was shot through the head, a revolver being found in his right hand. Notes in his handwriting indicating he intended taking his life, were found in the room it was added.

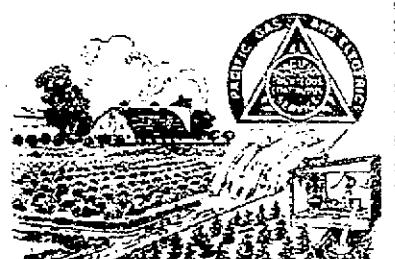

San Francisco Man

Accused of Forgery

SAN FRANCISCO, Dec. 30.—A local Brady, 22 years old, son of a local manufacturer, is incarcerated in the city prison here today charged with forgery. He was arrested by private detectives last night after he attempted to cash a worthless check for \$2 on Swift, Inc., haberdashery, Palace hotel building. Police have been on the lookout for Brady for several weeks. It was learned today, after they discovered that a forger representing himself as the son of Dr. S. B. Fontaine of Oakland, was flooding the city with worthless slips of paper. Detectives declared last night that Brady was in trouble under similar circumstances three years ago, but escaped by joining the army.

MY HEART MY HUSBAND by ADELE GARRISON

WHAT LILLIAN DEMANDED OF MADGE

"Well, if that's the case," Lillian advised crisply, "suppose you concentrate your alleged brain on your muscles until we get home. I've no inclination for a hospital bed at this juncture."

I made her no answer, for I saw that she was annoyed by the real risk I had run in turning the corner so abruptly, and I devoted my whole attention to the car until after depositing Alice Holcombe at Lillian's suggestion two blocks from her home—we turned into our own gateway.

There was no one in sight. From the usual routine of my family I knew that Mother Graham and my father were enjoying their afternoon naps, and that Junior, either asleep or awake, was with Katie, Robert Savarin and Marion evidently had not returned from their excursion around Marvin, which was scheduled to end at an ice cream parlor.

"I only hope Robert doesn't make that child sick on ice cream and candy," Lillian said worriedly as she alighted from the car and, looking around, noted the absence of the two. "He hasn't as much sense as Marion about things like that, and she always loses her head at a soda fountain."

"IT IS YOUR DUTY"

I was selfishly glad that her attention had been diverted from me. I was not ready for a further catechism upon the subject of what had startled me. But by elation was she livid.

"Let's go up to your room," Lillian proposed, almost too casually. "I'm in no mood to listen to the prattle of 'Her Fluffiness,' much as I enjoy it usually, and she'll be sure to drop in if I go to my own room now."

"Of course," I agreed warmly, but I was anything but warm inside, and my mind was working furiously as to how best to prevent Lillian from finding out the truth. But as it turned out, there was something entirely different on her mind.

"Well, we've done a pretty good day's work in the last hour," she said satisfiedly as she threw her self into the chair, and there was the joy of achievement untainted by any complacency to talk her voice. "Now, when you decide to look up on the things you've been holding out on me for the last few months I'll have a clear course."

"Holding out on you?" I stammered, confused for the instant as to what she could mean. "The real dope on Kenneth Stockbridge's attitude toward this child—hood friend who would let herself be talked into such a thing, but who doesn't dream he cares for her, I know he confided in you, and, of course, I honor your confidence, but the time has come, as the walrus so aptly remarked to talk of many things, and we will begin, please, with those papers Kenneth Stockbridge asked you to keep for him."

"This is a matter of life and death, and I must have every last thread in my hands. After all, you're neither a priest nor a clergyman, my dear. The man is in deadly peril, and it is your duty to tell me everything you know."

I know of no one who has the temerity to dispute Lillian's dictum when she is employing her wonderful power in aid of some one. I am sure that I have not, and my confidence in her justice and her strict sense of honor is such that my scruples at violating Kenneth Stockbridge's confidence fled. "Of course," I answered doddily, and I promptly brought the contents of the desk I had emptied at Kenneth Stockbridge's request and spread them out for Lillian's inspection.

"This is all I know," I said. "He asked me to take care of these and not to let Alice know of them until after his death. Of course, I haven't looked at them, except to see that they are private papers."

"Of course—nor shall I," Lillian returned absently.

Is Ninety Years Old

SEATTLE, Wash., Dec. 30.—Baron Mooker, known from coast to coast by his pilgrimages with an ox-drawn plow over the roughest of the old Oregon trail, which he traveled for the first time fifty years ago on his westward journey, celebrated his 90th birthday yesterday. The celebration last night included an old-fashioned spelling bee, with a plating book published in 1829 used as the text. Fifty years' residence in this state was required of entrants. Mr. Mooker sought for years to acquire a string of monuments across the plains, marking the Oregon trail.

\$9,000,000 PUT TO U. C. CREDIT BY BUDGET MAKERS

Demands of Regents Are Cut Six Millions and Row Is Developing

By AD. SCHUSTER

TRIBUNE BUREAU, SACRAMENTO, Dec. 30.—In the State budget, which the Board of Control has completed today, the University of California is allotted \$9,000,000. The fact that this is six millions less than the board of regents asked of the budget makers is not the only one that stands out indicative of various times for the program of the governing board of the Berkeley institution. The regents will have to carry their fight for a \$13,000,000 continuing appropriation bill onto the floor of the legislature and will need all the oratory and support they can marshal.

The rupture between the regents and the board of control is an old story dating back to the days when board members took an active part in the fight against Amendment 12. It is a feeling that extends to some degree even to the governor's office, for the regents felt that Governor Stephens should have called off this opposition at an earlier date than he did. It is said that when the governor did speak the election was less than a week off and the harm was done.

FIGURES ARE QUOTED
The position of the Board of Control and of the opposition to the larger university appropriation is that \$8,000,000 is all that the regents asked when they put the question to a vote in November, and that they would ask the legislature to appropriate \$7,000,000 more than they were willing to ask of a direct vote of the people. It is pointed out that the \$9,000,000 allowed is \$1,000,000 more than the year ago and \$1,000,000 in excess of the amendment amount.

Of course the regents have their side of the argument. They point out the narrow margin of defeat for the amendment, cite misrepresentations made as responsible for enough votes to change the result and quote the statistics of university growth. And then there is the general argument of the education of the "youth" who will be the citizens of tomorrow, as well as the positive demands for bringing the agricultural department of the university up to a maximum efficiency.

This agricultural department plan of the regents is another thing that is not resting well with the people in the Sacramento valley. A proposal to extend the farm school at Berkeley to the purchase of land is perhaps naturally, being attacked by all of those who would like to see the money spent in Davis and the outspoken opponents are already seeing real estate schemes behind every bush and are raising the cry of "powerful forces" intent to put something else in the way of a solution when the regents take the floor for a fight, one will be forthcoming. Senator Arthur Breed will lead the argument for the university bill.

The possibility of a resolution of the means to be taken to raise additional funds will be an increased tax on public utilities has caused all the statistical experts to get busy. The utility companies are preparing to fight any such plan and will have the figures to show that they are taxed proportionately heavier than is general property. On the other hand the State Board of Control is preparing figures which will disprove the claims of the utilities and the legislature can take its choice.

RAILWAY COMMISSION

A sidelight on the campaign of farm organizations for a member of the State Railroad Commission has come up with the resolution of the Alameda County Farm Bureau, stating that a man be appointed "who understands the needs and wishes of the farmers." As the Yolo County Chamber of Commerce had previously voiced a similar resolution, naming Dr. Fred G. Burrows as the man desired, it was expected that Merced would swing into line for Burrows. There is said to have been quite a little politics behind the meeting which resulted in the Merced document appearing without Burrows' name.

A bold had plan that may never see the light of day is the one being hatched against Miss Grace Steamer of Los Angeles who, it is said, will be elected secretary to the Senate to succeed Joseph Beck. The opposition—would you believe it—is

Far From Home

war veteran and human relic of the battle of Paschenaele Ridge, who awoke in Oakland after he had walked through a valley of shadows.

CITY TO COMPEL CROSSING REPAIR

A survey under way by the street department discloses that so far there are 62 bumpy street crossings within the city of Oakland, affecting railroad tracks.

The Western Pacific is credited with 12 bad crossings. The San Francisco-Oakland Terminal railway is given the championship, with 20 crossings on the Oakland traction lines and 14 on the Key route. The Southern Pacific is marked at 15 so far, but the survey of the latter railroad is not complete.

It is expected that as a result of the survey, snappy letters will be sent to the various transportation companies by the street department, asking that these crossings be fixed up lest the springs of Oakland's automobiles and vehicles be damaged beyond repair.

INDUSTRIAL COURT PLANNED

SACRAMENTO, Dec. 30.—A bill will be introduced by Senator Lyman King of Redlands, providing for the establishment of a court of industrial relations, similar to the one created in Kansas, the purpose of which would be to adjust labor disputes by compulsory arbitration or adjudication.

The proposed bill creates a court of industrial relations having jurisdiction over essential industries engaged with a public interest. It affects food, clothing and transportation, prohibits strikes or lockouts in these industries and fixes severe penalties for conspiracy to promote strikes or in any other way interfere with production.

Further provisions are that the court can fix wages and settle industrial disputes in these industries and serve as a court of arbitration to consider disputes in industries not known as essential.

Introduction of a measure to prohibit the operation of one-man street cars in California is also expected.

WRECK OF WAR, LOST IN SHADOW, IN NEED OF AID

Paschenaele Hero, Apathetic Victim, Wakens Penniless Far From Home

Albert McLeod, Canadian war veteran, passed, shell-shocked and twice wounded, a human relic of the battle of Paschenaele Ridge and victim of apathy, is at the Oakland receiving hospital, a thousand miles from home and without funds with which to pay his transportation back.

When McLeod came to himself in Oakland two nights ago and discovered that he had traveled through three states without remembering one single incident of the trip, he told the police he had a wife at Clinton, Wash., and that he left her on the morning of December 15 to go to town with a load of potatoes, and that from then on his mind was a blank. When he left his wife, he said, she was ill and he feared that with his sudden disappearance from home she would get worse.

His story was investigated by executive men and he was removed from the city jail, where he was locked up as a lunatic, to the receiving hospital. Yesterday evening a wire from Mrs. McLeod to W. T. Hopkins, adjutant of Oakland Post No. 5, of the American Legion, conveyed the information that she was well and happy to know that her husband was not dead, as she had feared. It was also revealed that this is the third time McLeod has wandered away from home making long journeys, sometimes without money, to remember nothing upon awakening.

FOUND HE WAS PENNILESS

When McLeod awoke in Oakland and took stock of himself he had but \$1.30 on his person. He does not know how he became of the token of horses he was driving, or with the wagon load of potatoes. His existence from the morning he kissed his wife goodbye at his little ranch near Clinton, that he awoke in Oakland is a blank.

The situation at present is this: Although an American, McLeod fought with the Canadians and therefore assistance from the United States Army officials is impossible.

The relief fund of Oakland Post No. 5, of the American Legion is depleted, due to the great number of relief cases that have been taken care of by the post, especially on Christmas.

There is no available fund from which to draw to send McLeod home. W. T. Hopkins was waiting on the British consul in San Francisco late today in an effort to raise the necessary amount needed. It has developed that the consul is unable to help.

BRITAIN MAY HELP

It is probable the British consul will provide the necessary funds needed to send McLeod home. "If I were only on the train," he sobbed today, "I would feel at ease. But here in this hospital, waiting for help, knowing that it may be some time before I can get home to my dear wife—oh, it's terrible."

LAST OF EXPERTS GOES ON STAND TO SAVE MRS. CLARK

Psychiatrist Testifies Woman on Trial for Murder of Her Husband Is Insane

The last of the Virginia P. Clark battery of medical experts went into the stand today when Dr. W. T. Adams, psychiatrist and former head of the Psychopathic hospital in Boston, followed Dr. Fred Conzelmann on the witness stand and testified that Mrs. Clark was crazy when she shot and killed her husband, Chester Clark.

Against the expert diagnosis of Drs. Conzelmann, W. T. Adams, Jau Don Ball and H. W. Wright of San Francisco, the prosecution will offer the experience of the veteran head of the Livermore sanitarium, Dr. J. W. Robertson, who was a dean in a medical school when Dr. Ball and the others were students.

The defense may close its case today with the re-direct examination of Dr. Adams and that the prosecution may then introduce Dr. Robertson in rebuttal was intimated to counsel.

Dr. O. D. Hamlin, who examined Mrs. Clark at the jail, Dr. C. E. Curd, jail physician who observed her and neighbors and friends who have known the woman for a long time will be called by the state to prove that Mrs. Clark is now and always has been perfectly sane.

EMPLOYEES RESUME WORK

NEWBERN, N. C., Dec. 30.—Employees of the Newbern Iron & Supply company returned to work today at a compromise wage schedule of seventy cents per hour, after being convinced that a reduction in the wage scale was necessary. The plan by which all employees shared in the net profits, not allowing for 10 per cent on the capital invested, failed when the first two weeks of operation under the new plan failed to show any profit for distribution after the reduction of office salaries, production costs and overhead. The men had been out since Monday.

Poliglou, a Businessman, and James Rennie, an Actor in "Legitimate"

The story was filmed in Greenwich last Sunday, but was not thrown on the screen of publicity until today.

It wasn't an elopement. Constance and Dorothy, who have been chums for years just decided to get married together. At a dinner in the Hotel St. Regis, Christmas night, attended by the four young persons and some relatives, Dorothy simply announced:

"Jimmy and I are going to be married tomorrow and so are Constance and John."

Both girls are 21. Poliglou who is New York representative of his father, a tobacco planter in Greece, is 25. Rennie is 20 and plays one of the leading roles in "Spanish Love."

The announcement came loudly as a surprise in view of the premature announcement from Los Angeles several weeks ago that it was Lillian Gish who was engaged to Rennie.

Increased Salary Schedule For Employees of County Is Reported by Grand Jury

The Alameda county grand jury presented today to the declaration of state senators and assemblymen from this county recommendations for increases in the salaries of county officials which in the main amount to about one-quarter of their present salaries. In the case of the judges of certain county departments, the grand jury found present salaries adequate, but others were recommended advanced, in one case to almost double the present salary.

The legislative delegation also received at the hands of County Clerk George E. Gross, an exposition of his plan to increase court filing fees by more than \$75,000 a year by assessments on litigants.

Senators Arthur H. Breed, Frank Gisel, Frank C. Cuneo and Dr. Anderson, together with Assemblyman E. H. Christian, Gilbert Jones, Frank Anderson, Homer Spencer, Clinton Brooks, Edward F. Hurley, Mrs. Anna E. Hurley and Arthur Wenderling were present.

The most considerable increase recommended was that of the salary of the district attorney and his assistants. In this connection the jury said:

"We find that the duties of the district attorney and the work of the district attorney have increased five-fold since his salary was fixed, and that in the last two years the number of felony cases handled by the district attorney has increased one-half. We find that the district attorney and his assistants are all trained lawyers, and we believe that the salaries paid to the district attorney and his assistants are absolutely inadequate and out of proportion to the importance of their duties and the work placed upon them."

DISTRICT ATTORNEY'S OFFICE

The following schedule of salaries in the district attorney's office is recommended:

District Attorney, \$1000 to \$7500; assistant district attorney, \$4500; chief deputy, \$4500; two deputies, \$2500 a month; two deputies at police court, \$250 a month, two deputies, \$275 a month, two deputies, \$250 a month; three new deputies, \$225 a month; one deputy, \$225 a month; one deputy, \$225 a month; extra detective, \$200; additional stenographers, making four, at \$140; exchange operator, \$100. It is recommended that the office of process server be abolished.

Other changes recommended are: That the county assessor's salary remain \$7000, but that his deputies' salaries be increased 50 per cent.

That the tax collector's salary be increased from \$4000 to \$6000 and his deputies 20 per cent.

That the treasurer's salary be continued at \$6000 instead of the \$5000 paid by the last legislature. That his chief deputy be given \$300 per month; that one deputy who acts as bookkeeper be increased from \$175 to \$225 per month; that two deputies be increased 20 per cent; that he be given one new deputy at \$175 and be allowed a fund of \$500 per year for extra help.

That the county clerk's salary be increased from \$3000 to \$5000 and his chief deputy's salary be increased to \$3000, that other deputies be increased 20 per cent, four new deputies allowed at \$150 and two at \$125.

That the coroner's salary be advanced from \$1000 to \$6000, the salary of his chief deputy be raised to \$2000, all other deputies 20 per cent, that

POSTMASTER IS CHARGED WITH EMBEZZLEMENT

Official at Honolulu Is Said to Have Taken \$27,000 in Government Funds

SAN FRANCISCO, Dec. 30.—William C. Petersen, assistant postmaster at Honolulu, today was arrested by a San Francisco postal inspector for the embezzlement of \$27,000 in government funds, according to cable advices received today by S. H. Morse, chief postal inspector. The message stated that Petersen had confessed.

According to the cablegram, Petersen had charge of the deposits made to the postoffice and "kited" these sums.

The message caused local postal officials to express the belief that Petersen may have been caught in the recent sugar slump in the islands, although he is quoted as saying he was unable to say what became of the money.

Petersen has been employed in the postoffice at Honolulu for 15 years and until recently was acting postmaster until the postmastership was taken over by D. McAdam.

Petersen is married and has four children.

Embargo on Arms To Mexico Continues

WASHINGTON, Dec. 30.—The embargo of arms and ammunition to Mexico, put into effect by executive order on July 12, 1918, is still effective and has in no way been modified, it was officially announced today by the state department. The announcement was made because of a statement appearing in the morning papers, sponsored by the American Railway Association, to the effect that after January 1 small arms and ammunition could be sent into Mexico freely.

JAY IS NOMINATED

WASHINGTON, Dec. 30.—The nomination of Peter Augustus Jay of Rhode Island to be minister to Rumania was sent to the Senate today by President Wilson.

LOCAL AMATEUR BALL PLAYERS RECEIVE CONTRACTS FROM MINOR AND MAJOR LEAGUE CLUBS

RINGSIDE SIDELIGHTS

By BOB SHAND

The Dorgan, Tex. Rickard's press agent, wired Tommy Simpson yesterday to get a wiggle on and start east with his stable consisting of Battling Ortegua, Jimmy Duffy and Jimmy Dugan.

The Battler can take care of himself, wired Dorgan, and from what I have heard of Duffy he should lick a lot of the lightweights here. Let me get a move on the first of the New Year.

Dundee, entered the argument. Jimmy is going to join the Simpson stable, but he is going to wait till Tommy gets east and lines up something for him. Dundee will not use me in my going back there. I am making good dough around in my poolroom and training every afternoon so why should I waste any time in the East? Tommy is going to get me a fight and as for Dundee, I will get ready to leave.

The three boxers are in street training and will be in the ring on the other side of the large hall. All O'Donnell's stable, which are the targets of Simpson's aim, are with Ortegua. Wilson is not considered much of a fighter but he holds the middleweight title and the general opinion is that the first good man he meets will knock him out.

Class B Clubs Arrange Games For Saturday

The managers of the team in the class A division of the TRIBUNE Midwinter League have decided that they will not have their teams out for games on New Year's Day, as they are playing at double-headers last Sunday. The clubs will have to be hard pressed for pitching material, especially with another game scheduled for the day following New Year's. But the fans will not be without baseball if the weather man will be good, as there are several games in the class B division, and others in the class C that were postponed and might be played.

The first announcement of any games to be played Saturday was made last night by Manager Jack "Doc" Silvey of the Espinos. The Espinos are slightly over two games behind the Melrose Merchants, who are leading the class B league race, and in hope of making a nice gain on the leaders, they have had their boys out for two games at Lincoln Park Saturday afternoon. Al Benton, supervisor of Alameda playgrounds, promises to have the grounds put into shape for the little business at Lincoln Park. The double-headers will start at 12:30. The Espinos will take on the Melrose Merchants, while in the second they meet the Modern Woodmen. Silvey has two good pitchers ready to start. In William Schmidt and George Kirsch. Hands will use Tim Buckley or Andy Brown. The Melrose Merchants will have Earl and Carol (Dumny) Land.

Managers of other class B and C clubs have decided to play postponed games on Saturday.

President Fred L. Krumb has announced that a meeting of the class A managers will be held next Tuesday night. The managers will be made for the playing of postponed games. He also announced that he is in favor of the double umpire system in cases where hard games are expected. If agreeable to both managers he will have a second umpire used to assist John Carroll in the game between the California Cotton Mills and Crystal Laundry.

Ed Handley, who goes to Vernon next spring, is sure playing a bang up game at third and with Schimpf at short and Gussy Smith at first base. Handley has been looking good at second, and the reliable Red Allen on first. Manager Frank Cottrell has been looking good at first base, and the reliable Red Allen on first. Manager Frank Cottrell has been looking good at first base, and the reliable Red Allen on first.

Barry Sticks Limit With Sam Langford

PORTLAND, Ore., Dec. 29.—Barry Sticks, who has been looking good at first base, and the reliable Red Allen on first. Manager Frank Cottrell has been looking good at first base, and the reliable Red Allen on first.

Captain Roper Will Box Walker Tonight

KANSAS CITY, Mo., Dec. 29.—Captain Roper will box Walker tonight. The fight is expected to be a close one.

Indoor Tennis Tourney Reaches Semi-Finals

NEW YORK, Dec. 29.—The indoor tennis tourney here reached the semi-final round here today. The winners of the first round were: ...

WHAT HAPPENS WHILE NEW YORK SLEEPS?

If pupils entered a ... in their ... the word "gymnasium" derived from the old Greek athletes used to strip before exercise.

If you ask the members of the Melrose Merchants who was responsible for them losing their first game out of eight in the Class-B division of The TRIBUNE Midwinter League they will place the blame on The TRIBUNE camera man. The picture was snapped last Sunday before the Melrose team was defeated by Allendale Merchants. The camera man put the jinx on them, they claim. The Melrose players shown in the picture are: Left to right (standing) FRED REPP, third base; H. KLEIN, first base; RATTAZZI, shortstop; LOUIE BRITOES, utility; ED BORBA, catcher; FRED MITTERWALD, pitcher; PAUL EDSTROM, manager. Left to right (kneeling) "EAGLEBEAK" KLEIN, pitcher; RIZZO, center field; DREW, second base; FERNANDEZ, left field; McCLURE, right field.

CALIFORNIA AND OHIO TEAMS FINISH TRAINING FOR BIG GAME

WILLIAM JOHNSON AND TILDEN DEFEAT AUSTRALIANS IN FIRST GAMES FOR THE DAVIS CUP

NISBIT MAY REPLACE MORRISON AT BACK FOR BEARS SATURDAY

Substitute Full Back Is Kicking Well and Hitting the Line as Hard as Regular Full Back

By DOUG MONTELL
(Special to The TRIBUNE)

PASADENA, Dec. 30.—California worked out yesterday morning at the Occidental College field for two and a half hours with hard scrimmage. Coach Smith believes his team is suffering from mental staleness and is driving the men hard to get them into shape. Trainer Bryan reported the first-string men all in good physical condition, but advised Smith that hard work for another day would be necessary to prepare them for the game. Coach Smith appeared today better satisfied with the showing after practice, but said it was impossible to give out definite lineup until late Thursday afternoon. Two position are in doubt and Andy is uncertain who will start. Dean is certain to start in place of Barnes at left tackle, according to announcement today, but left end and fullback positions are still unsettled.

Berkey has a bad leg, said Andy, who announced the possibility of having to start Stephens at end position. The fullback job with Nisbit the probable selection. Nisbit has been doing great things here, kicking exceptionally well and hitting the line just as hard as Morrison. He has been in the game if he is selected but the final choice is up to the air as yet.

COMPETITION FOR PLACES ON VARSITY.
Yesterday's scrimmage was the hardest yet given the team and both first and second teams played desperately. Competition for places is keener than at any time during the season and the men of the second team are getting the most of the scrimmage. Mugsy Grant was hit hard by three tacklers and was badly bruised with chest and shoulder injured. However, the "man" says the injuries are not serious. Ray, substitute end, shows signs of battle with his nose out of shape, indicating the hard driving characteristic of the Smith system. Training "first string" more fortunate and none of the men are damaged.

One State held secret workout in morning at Exposition Park, known to all here. The Bears' team is likewise uncertain as to lineup with several positions waiting a last minute choice. Rumor has it that Fullback William is not in the best shape and that C. Taylor is likely to start the game. Blair at halfback was hurt yesterday and with Henderson, already suffering from injury, Coach Wiley says Blair will probably start. If this is the case, the Ohio backfield will be materially weakened with Stinchcomb and Workman, the only two regulars in shape. Both coaches appeared to be better satisfied with the showing of their teams on defense to which all attention is being given. Smith thinks California will make a stop aural attack while Wiley gives out that he is less worried about the quick kick. Both coaches still plan on absolute secrecy of movements up to the time of any sort.

Even Money and Take Your Pick in the Big Game

PASADENA, Cal., Dec. 30.—(United Press)—With the great inter-sectional gridiron battle between Ohio State and California but two days away, considerable even money was being wagered today that the Buckeyes will triumph by at least seven points.

"California adherents have been so confident of a recent victory that for some time the odds were about 3 to 2 in favor of the Bears. Then the splendidly trained Ohioans appeared on the ground. Soap and fire exhibited by the easterners caused Pacific Coast backers of the Berkeleyites to become more discreet and today, it was reported, much even money was being placed.

Some California experts have doped the Bruins to win because of the class of their substitutes, but coaches and football experts in general seem to be of the opinion that the Berkeley eleven will be unable to pierce the powerful line of the Columbus aggregation.

2500 SEATS WILL BE SOLD DAY OF GAME

Original Allotment of 5000 Is Mysteriously Cut in Half

PASADENA, Dec. 30.—The University of California and Ohio State football squads began today tapering off their practice in preparation for their game here New Year's day.

The seating capacity at Tournament Field has been increased to 42,000 while the demand for seats, according to the Tournament of Roses Association officials has reached three times that figure.

Every effort is being made to speed up the handling of the crowd, which bids fair to be the largest ever attending a football game in Southern California. Precautions are being taken against accident and against ticket scalping.

Just before the game starts it is announced, 2500 tickets will be on sale at the gate, with orders that only one shall go to a person.

Roy Moore Scores Technical Knockout Over Jack Sharkey

NEW YORK, Dec. 30.—Roy Moore of St. Paul scored a technical knockout over Jack Sharkey after one minute of fighting in the eleventh round of a scheduled 15-round match here last night. Both men are bantamweights.

Referee Harry Stott of Milwaukee stopped the bout to save Sharkey from further punishment. The manager of his best form, wanted to throw up the sponge in the tenth round, but Sharkey insisted on finishing. He was badly battered in the next round, when the referee stopped the fight. Sharkey weighed 120½ pounds and Moore 122½.

"Panama" Joe Gans, welterweight, won a judges' decision over "Sailor" Darden of the United States cruiser Charleston in a hard ten-round bout.

Too Much Turkey Is Fatal to Butler

DET. MONTE, Dec. 30.—Brinkley Jackson, negro, well known in connection with hotels and clubs, died early this morning at Pebble Beach from acute indigestion, said to have been brought about by an overindulgence in a Christmas day feast. Jackson was butler for Leslie Belt at Pebble Beach.

Old Timers to Play Basketball at 'Y' On New Years Day

The Physical Department of the Oakland Y. M. C. A. will celebrate New Year's Day by a basketball reunion at which many of the old-time well known players will show that they can "come back." There will be a great game between the Old Golds Unlimited and the single men among the old timers.

Among the well known athletes who will play are George Hiett, now assistant director of State Physical Education and Sam Gifford who is well known about the bay. William H. Hiett, head of the Physical Department of the Y. M. C. A. with his assistants, will be in charge of the ceremonies, which will include an open house for all of the physical directors of Oakland and the bay region.

AMERICANS SCORE VICTORIES IN DAVIS CUP

Johnston and Tilden Defeat the Best Players of Australia

AUCKLAND, N. Z., Dec. 30.—American tennis players today scored a double triumph over the greatest Australian not stars and tonight held the position of favorites in the tournament for the Davis cup, the historic championship trophy of the tennis world.

William T. Johnston, 17 of Chicago, defeated Norman D. Brookes, captain of the Australian team, while William T. Johnston of San Francisco virtually smothered Gerald P. Patterson, the brilliant young star who won the English

JOHN BLACK, CLAREMONT PRO, ON U. S. TEAM

John Black, the Claremont professional, has been unanimously selected to the team of American golfers who will be sent over to Scotland early next summer and will endeavor to carry back the world's premier championship which will be held over the famous St. Andrews links in Fife-shire. The unorganized attempt by Jim Barnes and Walter Hagen at Deal last year to wrest the supremacy of the links from a strong team of European golfers proved that a combined effort would have to be done if America hoped to bring back this most coveted honor.

Prestwick Fours, not St. Andrews, is John Black's native home course, but the latter will suit our Claremonters' style of golf better than the former and with conditions favorable to our native Scot his chances of winning are excellent. The old course at St. Andrews over which most of the playing will take place measures 6333 yards and is one of the oldest in the world, although the championships were not played there until 1873. Prestwick being the scene of previous open events back in the 1860's, when Tom Morris senior, and latterly his son, Tom Morris Jr., and Willie Park, monopolized the championship.

John's famous run up shot will be just made to the order of the old course over which even Taylor has to sacrifice his mashie pitch on several holes.

championship from his team mate Brookes in 1913.

The Americans needed only one match to win the cup. The scores of the matches follow: Tilden defeated Brookes 10-8, 6-1, 1-6 and 6-1; Johnston defeated Patterson 6-3, 6-1 and 6-1.

Brookes and Patterson have a chance to partly redeem their position tomorrow in the doubles "rubber" Tilden and Johnston. The way Tilden and Johnston ripped their way through the defenses of the Australians in today's contest, however, gave supporters of the Americans a feeling of confidence that they would retain the Davis cup. The final singles matches will be played on Saturday.

REYNOLDS WINS MAT MATCH.
CEDAR RAPIDS, Iowa, Dec. 30.—Jack Reynolds, welterweight champion, defeated Thur Jensen of St. Paul here last night in straight falls. A body scissors and quarter nelson brought the first fall in two minutes.

Tribune Newsboys to Eat Plenty Doughnut Eating Contest Planned

Not that there is any danger that Oakland newsboys will not eat all the doughnuts they want when they are set before them—still just to make sure, arrangements are being made to insure quantity consumption of the doughnuts at the newsboys doughnut party to be held the morning of New Year's day at the "palace" of the Superior Doughnut company, Twentieth street and San Pablo avenue.

Judges for doughnut eating contests of all sizes and descriptions where the size of holes in the doughnuts will be varied to effect the proper handicaps, have been appointed by those responsible for the party.

Commissioner of Public Health and Safety F. F. Morse, Chief of Police Frank Lynch and Fire Chief Elliott Whitehead will act as judges of the contest. The list of prizes for the contests will not be

announced until the morning of the party.

In league with those who are working for the wholesale consumption of the doughnuts is Long the Coffee Man, who comes forward to supply all the hot coffee necessary to wash the doughnuts to their gastric destinations.

The newsboys will meet at The TRILBY building on Saturday, January 1, 1921, at 8:45 a. m. and proceed in a body to the doughnut emporium for the big feed. A doughnut machine capable of turning out 350 doughnuts an hour will be going strong by the time the boys arrive. The machine carries a chip on its shoulder defying the combined force of the Oakland newsboys to eat doughnuts as fast as it can make them.

RICHMOND MAY WIN SANTA FE TERMINAL FIGHT

At a meeting of the State Railroad Commission this afternoon final plans for the return of the Santa Fe to the use of its Richmond terminal on January 9 were to be made.

This decision to settle the issue was reached when the Southern Pacific officials remained firm in their stand not to cooperate sympathetically with efforts of the commission to continue joint use of the Oakland pier.

Before the decision to return to Richmond by the Santa Fe an injunction was obtained by that city. It was directed against the State Commission, the Southern Pacific and the Santa Fe to prevent joint use of Oakland facilities pending court hearing of issue by Judge A. B. McKenzie, Contra Costa county.

'UNSEEN POWER' SENDS HIM TO STREET NUDE

SAN FRANCISCO, Dec. 30.—A patrolman covering his beat in the vicinity of Fourth and Polson streets, early this morning, was startled upon observing the partially nude figure of a man capering wildly about an automobile gasoline and oil station.

When the policeman finally subdued the man after a struggle, the latter identified himself as Peter Vogrig, 236 Fourth street, and that he had been ordered by some unseen power to take a bath in coal oil.

The policeman borrowed a blanket from a nearby lodging house and conveyed Vogrig, who loudly protested a coal oil bath was absolutely essential, to the Detention hospital. He is being held for observation. The Detention hospital attaches suspect bootleg.

Berkeley Merchants Play Ball New Years

BERKELEY, Dec. 30.—In order that Berkeleyans may be given their "money's worth" for tickets sold to a benefit baseball game to raise funds for the municipal Christmas trees, a diamond contest between business men of the city will be staged on New Year's day on California Field.

The game, planned for the week before Christmas, was postponed because of rainy weather. The contest is scheduled for 3 o'clock, with Councilman E. T. Haines and A. W. Bailey as captain of the opposing teams.

An effort is being made to sell additional tickets in order to defray expenses of the Yuletide festival. Admission will be 25 cents.

Berkeley Buys Land For Le Conte School

BERKELEY, Dec. 30.—First steps toward carrying out improvement plans for the Le Conte school have been taken by the board of education with the purchase of property on the north line of Russell street adjoining the school. The property, 50x125 feet, was bought for \$2500. Negotiations are also under way for 325 feet of land on the west line of Fulton street for the sum of \$16,250. The matter will be decided at the next meeting of the board.

Government Warns Tubercular Patients

WASHINGTON, Dec. 30.—The migration of army patients suffering with tuberculosis to the semi-arid west is causing the United States public health service no little concern, for all the service hospitals and all the contract hospitals in that region are now completely filled. It is considered to be unfortunate that the patients should leave places where the government is ready and able to care for them and go to other

sections where it is absolutely impossible for it to provide proper care and where even ordinary housing accommodations are largely unobtainable. The service is making and will continue to make strenuous efforts to meet the needs of the patients, but the great amount of travel to that part of the country makes the problem serious.

THIS IS THE ONLY TWO-DAY-A-WEEK FREE MARKET IN OAKLAND

Saturday Being a Holiday We Will Be Open Friday, December 31st

The owners and tenants of this Market wish all their thousands of customers a Happy and Prosperous New Year.

In the past year we have saved our customers thousands and thousands of dollars in our Grocery and Tobacco Departments alone. We also have the Housewives' League selling to you at wholesale, to help cut down the high cost of living, canned goods of all kinds, honey from the producer, vegetables, eggs, flowers, plants, etc.

We take great pride in the goods we sell you as they are of the Taft and Penroyer quality. We do not advertise as some firms do, such as you read yesterday: "Pure cane sugar 8 1/2c a pound," and then when you take the sugar home find that you have been deceived and have Java sugar. We recently ejected a tenant from our Market for such practices.

We advertise we sell cheaper than wholesale and we do, as you will be informed if you take the trouble to phone one of the large wholesale houses in this city and you will learn we are telling the truth.

We also have over one hundred tenants to serve you for your household goods, such as vegetables from the grower, poultry from the farmer, fish, crabs, shrimp, lobsters and mussels, direct from the fish catcher; butter, eggs, cheese, hams, bacon, potatoes, onions, apples, and fruits and vegetables of all kinds; dry goods, notions, crockery. French and Italian bread, pastry of all kinds, delicatessen, malted syrups and ciders, teas and coffees, and the finest of fresh meats.

We invite all growers and farmers to bring in their products to our Market. No rent to pay and we also furnish you with free janitor service, free water and free lights.

INVENTORY ORDER SHUTS FACTORIES OVER NEW YEAR

DETROIT, Mich., Dec. 30.—(By United Press.)—The unemployment situation in Detroit has just about reached the peak of its upward trend—it can go no more for a while.

The huge auto factories give employment in normal times to about 250,000 men. In the last week of the idle today, closed for inventory, 130,000 men are out of work. The routine operations of the plants by those who are on the "inside" say the inventory situation is "about completed" by January 4 and perhaps a few days thereafter.

William C. Cullen, secretary of the Detroit "Business" Association, is showing the United Press with figures that the number of men out of work from work in Detroit since last April, remains in excess of 150,000 are unemployed.

COTTON MARKET

NEW YORK, Dec. 20.—Although upward of 200 notices were issued early, the cotton market had a steady opening on an advance of 5 to 10 points. The stability was due mainly to favorable cables, local covering and steady buying on long positions at Liverpool. The south was a seller, however, and shortly after the close Liverpool prices reacted under last night's close by the end of the 20 minutes.

INVESTMENT IN BONDS BOOSTS COUNTY FUNDS

County funds invested in interest-bearing securities during the calendar year 1920 have yielded a net revenue of \$2,742,420.40, according to a report made today by the county treasurer, Fred Foss, revenue derived in this way, by investing funds not required for use in conducting the county's business, represents a gain of \$10,000 during the past twelve months, according to Foss, and is nearly four times the yield in 1918.

The marked gains in interest returns is attributed to the change in policy for investment of the funds authorized early in the year by the board of supervisors at Foss' suggestion. Previously it had been the practice to invest in inactive funds in banks paying only a few cents. Now investment in United States treasury certificates yields returns of from 2 to 5 per cent.

The statement shows the interest returns derived from invested funds during the past three years as follows:

For the year 1918, \$2,089,764.19; 1919, \$3,722,420.40; 1920, \$2,742,420.40.

7 U. S. BANKS ARE PROMISED FOR MEXICO

WASHINGTON, Dec. 30.—The establishment of seven American banks in Mexico is being promoted, according to a statement from the Mexican embassy this afternoon.

The American bankers are ready to invest in Latin-America not less than a billion dollars in banks and industries, and Mexico is being chosen for these investments, the embassy statement declared.

Mexico Fixes Duty On Export Silver

DOUGLAS, Ariz., Dec. 30.—As long as silver is quoted on the New York Stock Exchange at 60 cents or lower, no export duties will be charged on the metal from Arizona to the United States, according to an official message received from Mexico City today.

When the market price goes above 60 cents, a sliding paraffinizing prevailing price will be put into effect.

A similar order revoking duties on other exports was issued by the Mexican government recently.
